INTERSHIP OBJECTIVE

Motivated Computer Science student with hands-on experience in full-stack development, UI/UX design, and project management. Eager to contribute to your development team by building high-quality, scalable web applications. Open to learning new technologies like Laravel and excited to apply my current skills to real-world development environments.

EDUCATIONAL BACKGROUND

- Visayas State University, Baybay City, Leyte** (*BS in Computer Science | Expected Graduation: 2026*)
- Scholarship:** AY Foundation
 - Organization:** Computer Science Student's Society
- Ormoc City Senior High School** (*STEM Track | Graduated 2022*)
- Awards:** Consistent Honor Student
- New Ormoc City National High School** (*Science and Technology Program | Graduated 2020*)
- Awards:** Consistent Honor Student

EDUCATIONAL EXPERIENCE

- Visconn – Forum Platform for Visayas State University** (*April 2025*)
- Role:* Project Manager · Full Stack Developer · UI/UX Designer
- Tech:* React, Next, PostgreSQL, Figma, Git
- Spearheaded project planning and requirements analysis, documented specifications, and designed the end-to-end UI/UX prototype in Figma.
 - Led project management and full-stack development, developing core features while prioritizing performance and user experience
- Baybayani – Farm-to-Table Ecommerce Platform** (*December 2024*)
- Role:* Full Stack Developer · UI/UX Designer
- Tech:* Vue, Nuxt, PostgreSQL, Figma, Git
- Designed comprehensive UI/UX flows, including wireframes and high-fidelity prototypes, using Figma.
 - Led full-stack development, managing project setup, dependencies, Git, database integration, and core features with a focus on performance and scalability.
- Flower Classifier – Image Classification Application using Machine Learning** (*November 2024*)
- Role:* Frontend Developer · UI/UX Designer
- Tech:* C#, Windows Forms, Python, Figma
- Developed a CNN model (TensorFlow/Keras) to classify five flower types and integrated it into a C# application.
 - Designed an intuitive UI with Figma and built the frontend interface for seamless user interaction.
- Money Manager – Expense and Budget Tracking Application** (*November 2024*)
- Role:* Full Stack Developer · UI/UX Designer
- Tech:* C#, Windows Forms, MySQL, Figma
- Designed an intuitive user interface in Figma and developed a full-stack budget and expense tracking application.
 - Implemented CRUD operations and integrated interactive data visualizations for financial insights.

SKILLS

- Languages:** JavaScript, TypeScript, SQL, C, C#, C++, Python
- Front-End:** HTML, CSS, TailwindCSS, React, Vue, Nuxt, Next.js
- Back-End:** MySQL, PostgreSQL, .NET
- Tools:** Git, GitHub, Figma, Canva, Windows Forms, XAMPP
- Other:** UI/UX Design, Project Management
